

**ETEXT ATTACHMENT****Miscellaneous Submission**

This submission is made in conjunction with the Schedule E (Itemized Independent Expenditures) filed by today by Americans for New Leadership ("ANL"). ANL is a non-connected unauthorized political committee that will undertake only independent expenditures pursuant to the federal court decision in SpeechNow.org v. FEC. The federal court in SpeechNow.org held that an independent expenditure political committee, such as ANL, is permitted to accept donations from individuals in unlimited amounts so long as it registers with and reports to the Federal Election Commission ("Commission").

The Committee filed its Form 1 with the Commission on July 7, 2010 and will file periodic reports of its receipts and disbursements with the Commission. Since the Commission has not adopted new regulations or reporting forms for this type of independent expenditure political committee, ANL will continue to file its 48 hour and 24 hour notices of independent expenditures on Schedule E. In addition, ANL will file its reports electronically once the Commission assigns it a Commission Identification number. Since that number has not yet been assigned, ANL is unable to file electronically so has filed this submission by facsimile.

Please do not hesitate to contact us with any questions.

Sincerely,

  
Brent Husson
